Rattan Chairs Collection

This **GLAC collection** is a rattan and nylon line to be used indoor or outdoor. It will bring a special feeling to any ice cream parlor, bar, cafe or restaurant. Rattan has proven over the years to be a very decorative and comfortable material to use. It can adapt to different climates and is resistant to water and sun. It is almost maintenance free.

All chairs are stackable.

All our chairs are made by hand, the measurements are given as an indication but can be slightly different from one production to another. We cannot be held responsible if they are not exactly as listed.
